

# High Frequency Cable

## EDM Electrode cable

### Feature

- Outer jacket oil- resistant PVC sheath blend.
- Temperature range : 0 ~ +105°C.

### Application Area

- Electrical discharge machine
- Other high frequency power transmission application

### Specification

| ID No.     | Conductor   | Type          | Cross Section               | Rated Current | OD (mm)    |
|------------|-------------|---------------|-----------------------------|---------------|------------|
| 410 400 01 | Copper      | HF Cable      | 19 mm <sup>2</sup> (AWG 4)  | 60A           | 8.0        |
| 410 410 01 | Copper      | HF Cable      | 7.5 mm <sup>2</sup> (AWG 8) | 30A           | 5.0        |
| 411 110 01 | Tin Plating | HF Cable      | 22.0 mm <sup>2</sup>        | 75 A          | 10.0       |
| 410 813 01 | Tin Plating | HF Cable      | 8.5 mm <sup>2</sup>         | 36 A          | W:15 H:3.8 |
| 410 875 01 | Tin Plating | Coaxial Cable | 5.73 +5.73 mm <sup>2</sup>  | 32 A / 32A    | 7.5        |
